

Part No.

 GAUG-0100I

# GAUG-0100I

0-100 Inch H<sub>2</sub>O Analog Pressure Gauge ( $\hat{A}\pm 1.5\%$  full scale accuracy)

Analog test gauges are convenient for field calibrations. A knife-edge pointer and mirrored band make reading the gauge very easy. An economical choice for calibrating pressure instruments.

## Specs/Attributes

Max Pressure	100 PSI / 7 bar / 700 kPa
Max Vacuum	0.00 InHg / 0.0 kPa
Min Operating Temperature	-4 °F / -20 °C
Max Operating Temperature	140 °F / 60 °C
Materials	ABS Plastic, Brass, Plated Steel
Seal Materials	Buna-N
Process Connection	1/4" male NPT bottom connection
Accuracy	$\hat{A}\pm 1.5\%$ of Full Scale
Pressure Units	In H <sub>2</sub> O
Dial Size	2.50 In / 64 mm
Mirror Band	No
Country of origin	USA
