

Part No.

# 1M1M-HOS-5ft

*Quick-test hose, 1/8" NPT brass hose ends, 5 ft long*

Hoses permit connections to Quick-test adapters, tube fitting quick-connects or NPT quick-connects.

## Specs/Attributes

|                           |                                                         |
|---------------------------|---------------------------------------------------------|
| Burst Pressure            | 27000 PSI / 1860 bar / 185 MPa                          |
| Color                     | Silver                                                  |
| Country of origin         | USA                                                     |
| Fluid Media               | Water,Petroleum Based Oil,Air,Inert Gas                 |
| Hose Length               | 5 ft / 1.52 m                                           |
| Inner Diameter            | 0.08 In / 3.00 mm                                       |
| Materials                 | Brass                                                   |
| Max Operating Temperature | 140 °F / 60 °C                                          |
| Max Pressure              | 6900 PSI / 475 bar / 48 MPa                             |
| Max Vacuum                | -30.00 InHg / -101.6 kPa                                |
| Media Compatibility       | Air, Inert Gas, Natural Gas, Petroleum Based Oil, Water |
| Min Operating Temperature | -40 °F / -40 °C                                         |
| Minimum Bend Radius       | 1.00 In / 26 mm                                         |
| Outer Diameter            | 0.20 In / 6.00 mm                                       |
| Type                      | QT                                                      |
| Weight                    | 2.3 oz / 65 grams                                       |
