

Part No.

# 2L2L-HOS-20ft

*Quick-test hose, 1/4" Female AN S.S. hose ends, 20ft long*

Microbore hoses that provide a very quick, low volume, high pressure way of connecting to any pressure instrumentation, hand pump, calibration source or device under test

## Specs/Attributes

|                           |   |
|---------------------------|---|
| Burst Pressure            | 27000 PSI / 1860 bar / 185 MPa                          |
| Color                     | Silver  |
| Country of origin         | USA   |
| Fluid Media               | Air, Inert Gas, Natural Gas, Petroleum Based Oil, Water |
| Hose Length               | 20 ft / 6.10 m  |
| Inner Diameter            | 0.08 In / 3.00 mm                                       |
| Materials                 | Stainless Steel   |
| Max Operating Temperature | 140 °F / 60 °C  |
| Max Pressure              | 6900 PSI / 475 bar / 48 MPa                             |
| Max Vacuum                | 0.00 InHg / 0.0 kPa                                     |
| Media Compatibility       | Air, Inert Gas, Natural Gas, Petroleum Based Oil, Water |
| Min Operating Temperature | -40 °F / -40 °C   |
| Minimum Bend Radius       | 1.00 In / 26 mm   |
| Outer Diameter            | 0.20 In / 6.00 mm                                       |
| Seal Materials            | Buna-N, Teflon  |
| Type                      | QT  |
| Weight                    | 7.2 oz / 205 grams                                      |
