

Part No.

# QTFT-4MS1-VT

*1/2" male NPT x male Quick-test, with check-valve, with cap and chain, S.S., Viton seals*

A removable cap provides easy access to connect a Quick-test hose to the process for calibration purposes and is easily sealed bubble-tight again when calibration is complete

QTFT-4MS1-VT

## Specs/Attributes

|                           |                                                                    |
|---------------------------|--------------------------------------------------------------------|
| Country of origin         | USA                                                                |
| Has Cap and Chain         | Yes                                                                |
| Has Check Valve           | Yes                                                                |
| Materials                 | Stainless Steel                                                    |
| Max Operating Temperature | 225 °F / 105 °C                                                    |
| Max Pressure              | 3000 PSI / 200 bar / 20 MPa                                        |
